DETAILED ACTION

Allowable Subject Matter

1. Claims 15-24 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Claims 15-20

The primary reason for the allowance of the claims is the inclusion of a siliconized liner patch containing a pressure-sensitive adhesive surface being laminated on a back surface of the carrier sheet and disposed to extend over the card region and a face patch of clear poly material immovably secured over the card region having a straight fold line between the front and rear card panels and including all of the other claimed limitations as set forth in the independent claims.

Claims 21-24

The primary reason for the allowance of the claims is the inclusion of a method of applying a siliconized liner patch containing a pressure-sensitive adhesive surface on a back surface of the carrier sheet and forming a straight fold line in a face patch of clear poly material between adjacent front and rear card panels to permit the adjacent card panels to be folded together on their back faces along the fold line and including all of the other claimed limitations as set forth in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
